

AirMed, from the U of U, was present to help with the EMS demonstration held at the Day's Parking lot.

# EMS shows its Stuff

*Wave 29 Sep 1983*

HEBER CITY-Wasatch County Emergency Medical Services displayed all the special equipment which was needed in any type of an emergency. A special appearance from AirMed, of the University of Utah, was also made.

County residents received instruction on how different equipment was used in an emergency. On display were the Sheriff's Patrol boat, scuba equipment,

used in diving, special sonar devices, and 4X4 vehicles for mountain rescue.

Wasatch County also has the special use of Emergency evacuation helicopters like the one displayed by AirMed.

There were plenty of things on display, and parents and families took advantage to instruct their children of the equipment.
